

### HC3 Energy Smart Rebate Program Requirements:

1. Must complete a home energy audit on subject property prior to rebate issuance.
2. Must live within Summit County limits, excluding Silverthorne town limits.
3. Must complete projects mentioned within audit report.
4. Only one rebate (Simple or Large) is available per household once annually.
5. Large rebates are **only** available in unincorporated Summit County.

**Simple rebate** covers 50% of project cost up to **\$400**. Pick any one or more project(s) to complete.

**Large rebate** (unincorporated Summit County only) covers 50% of project cost up to **\$1,200**. Pick two or more projects to complete. To qualify for the large rebate, you **must** choose air-sealing and/or insulation projects if recommended in your audit report.

Eligible Energy Upgrade Projects			
	Efficiency Measure	Rebate Requirements	Additional Xcel Rebates
**Must complete one or both if mentioned in audit report to earn HC3's large rebate**	Air Sealing	Min. 10% leakage reduction	60% of project cost up to \$450
	Insulation	Attics = R-49 Walls = R-23 Crawlspace = R-11	30% of project cost up to \$600
	Programmable Thermostats	Must replace thermostats in all zones	Discounted on Xcel Energy Store
	Balanced Ventilation (HRV/ERV)	No requirements	
	Heat Pump	Air-source heat pump (ASHP) Ground-source heat pump	\$800 – ducted ASHP \$500 – ductless ASHP
