

HERS Raters in Summit County

If you're building a certified Zero Energy Ready Home, you'll need a HERS rater to help you with the process.

Local Raters

Deeper Green Consulting: (970) 471 - 4298 | matt@deepergreenconsulting.com

Energy Smart, Inc: (970) 485 - 3327 | esaudits@gmail.com

High Country Conservation Center: (970) 668 - 5703 | info@highcountryconservation.org

North39 Energy: (970) 306 - 4237 | jason@north39energy.com

Federal Incentives

Effective January 1, 2023, single family homes achieving the [Zero Energy Ready Home](#) certification are eligible for a federal tax credit of \$5,000. Homes certified under the [ENERGY STAR](#) program are eligible for \$2,500.

How to Apply

Contractors must meet eligibility requirements before applying for the 45L credit. Detailed instructions, including builder and property eligibility, are available on the [IRS website](#). For instructions on how to apply for credits, please contact your tax professional.

QUESTIONS?

Contact your local building department for guidance.
